SCIENCE RESEARCH CLUB

BUILD THE SKILLS THAT DRIVE SCIENTIFIC RESEARCH

8 SESSIONS · JAN–FEB 2027 · 8TH & 9TH GRADE · $650 PER STUDENT

Through eight weeks of hands-on lab experiments and guided investigations, 8th and 9th grade students will learn the real tools and techniques used by working scientists, with an emphasis on the research process and experimental design. This club is ideal for students who want to build a strong foundation of research skills before taking on more advanced science research projects in high school, college, and beyond.
